Innovate, Collaborate, Inspire

March 2026 marked a milestone for Bharat Dental Show with the successful Bengaluru Chapter hosted at M. S. Ramaiah University of Applied Sciences under the theme, "Give to Gain – Innovative Dentistry." Alongside four engaging webinars, the month's flagship in-person event brought together leading experts, academicians,

and dental professionals for impactful knowledge exchange, highlighted by the signing of a landmark MoU and the release of the January 2026 Bharat Dental Show E-Journal. The program reflected a dynamic blend of academic excellence, innovation, and collaborative growth in modern dentistry.

Bharat Dental Show 365

The World's First Women-Driven Hybrid Dental Congress & Trade Ecosystem

Bharat Dental Show 365 is a groundbreaking initiative designed to redefine dental education and trade. It is a year-round hybrid congress model, combining online learning with localized offline events—making education more accessible, affordable, and environmentally responsible.

This platform is proudly led by women dentists and healthcare professionals, placing strong emphasis on:

Women leadership in dentistry | Ethical and scientific education | Work-life balance and mental wellbeing | Long-term career sustainability

By reducing unnecessary travel and minimizing large-scale, expensive exhibitions, Bharat Dental Show promotes a sustainable event ecosystem that benefits both professionals and the planet.

It challenges traditional trade show models by offering:

- Affordable participation
- Continuous (365-day) learning opportunities
- Ethical promotion of dental products and innovations

This is not just an event—it is a movement designed to build a resilient, inclusive, and future-ready dental community.

Save the Tooth Initiative

Preserving Nature. Restoring Smiles. Building Awareness.

The Save the Tooth Initiative promotes a powerful philosophy:

The best dentistry is the one that preserves natural teeth.

In today's fast-moving clinical environment, the focus often shifts toward replacement rather than preservation. This initiative brings dentistry back to its roots by promoting:

Preventive care | Early diagnosis | Minimally invasive treatments | Patient education

Promoting Longevity in Dentistry (India)

Restoring 1 Million Smiles with Awareness and Accessibility

As a core extension of the Save the Tooth mission, Promoting Longevity in Dentistry focuses on making oral healthcare accessible to every individual, regardless of background.

With a bold vision to restore 1 million smiles, this initiative works across India to:

- Provide affordable or free dental treatments
- Conduct dental awareness campaigns in regional and local languages
- Simplify oral health education for the general population

Through:

- Community dental camps
- Online awareness videos
- Grassroots engagement

The initiative encourages one simple yet powerful habit:

Visit a dentist every 6 months

By communicating in local languages and culturally relevant formats, it breaks barriers, builds trust, and ensures that oral health becomes a priority for every family.

Together, these efforts create a strong foundation for **preventive, ethical, and sustainable dentistry**, improving both individual health and community wellbeing.

Dentist Channel Online (DCO)

The Global Media, Branding and Marketing Engine of Dentistry

Dentist Channel Online is the digital backbone of this ecosystem, connecting over 120,000+ dental professionals worldwide.

DCO enables:

- Continuous dental education through webinars and digital content
- Ethical branding and promotion for dentists and dental companies
- Global visibility and professional networking
- Digital transformation of dental practices

With a presence across India, the Middle East, and Europe, USA, DCO ensures that knowledge, innovation, and opportunities reach the right audience.

It serves as the voice of modern dentistry, combining media, technology, and strategy to support long-term growth.

How DentistChannel Online Powers Bharat Dental Show (BDS)

DentistChannel Online (DCO) is the driving force behind the growth, reach, and impact of the Bharat Dental Show (BDS)—creating a powerful digital ecosystem that connects, educates, and promotes dental professionals globally.

Unmatched Global Reach & Visibility

- 120,000+ Dental Professionals connected across social media platforms
- 30,000+ Registered Website Users actively engaged in the ecosystem
- 25,000+ Monthly Website Visitors, ensuring continuous exposure
- High-Quality Dental Audience—focused and verified dental professionals
- Strong Community & Communication Network
- 50+ Active WhatsApp Groups connecting dentists across regions
- A Dedicated Dentistchannel WhatsApp Channels for instant updates, promotions, and engagement
- Direct access to a highly responsive and niche dental community
- Education, Credibility & Continuous Growth
- 60,000+ CDE Certificates Issued to dental professionals globally
- Continuous webinars, academic sessions, and training programs
- Supporting all BDS events with structured education + certification pathways

In-Person Events

30th March 2026 | M S Ramaiah University of Applied Sciences
– Faculty of Dental Sciences, Bengaluru

The Bengaluru Chapter of Bharat Dental Show 2026 was successfully hosted on 30th March 2026 at the Faculty of Dental Sciences, M S Ramaiah University of Applied Sciences. The event brought together distinguished speakers, academicians, dental professionals, and students for a day dedicated to knowledge exchange, innovation, and professional empowerment.

The program commenced with the ceremonial lighting of the lamp, symbolizing the beginning of an enriching academic gathering. The inaugural ceremony was led by Dean Dr. Kavitha Prasad, Organising Chairperson Dr. Saloni Mehta Mistry, Organising Secretary Dr. Manali Mehta, and Core Committee members Dr. Deepa Jayanshakar, Dr. Siri P.B., and Prof. Dr. Shivaranjini Gali. Their presence set a warm and inspiring tone for the event.

A major highlight of the inauguration was the unveiling of the Memorandum of Understanding (MoU) between Bharat Dental Show and the institution, marking a significant milestone in collaborative academic engagement. This was followed by the formal release of the Bharat Dental Show E-Journal – January 2026 edition, showcasing the platform's continued commitment to academic publishing and professional knowledge dissemination.

The academic sessions featured an impressive lineup of eminent speakers from diverse professional domains.

In-Person Events

30th March 2026 | M S Ramaiah University of Applied Sciences
– Faculty of Dental Sciences, Bengaluru

Mrs. Reena Suvarna, Indian Police Service, Assistant Commissioner of Police, Whitefield, delivered an impactful talk on “Women’s Safety,” emphasizing that women’s safety is a collective social responsibility. She addressed awareness, self-defense empowerment, and precautions against cybercrimes targeting women.

Dr. Sanghmitra Dasgupta, Former Professor & Head of Oral & Maxillofacial Surgery, Vydehi Institute of Dental Sciences, presented “Beyond the Bite: Restoring Jaw Balance to Reconnect the Body.” Her session underlined the significance of jaw balance in achieving oral and systemic wellbeing, supported by insightful clinical case discussions.

Dr. Shivaranjini Gali, Professor & Head, Department of Prosthodontics, Faculty of Dental Sciences, M S Ramaiah University of Applied Sciences, spoke on “Navigating the Patent Process: Turning Innovation into Intellectual Property.” She provided clarity on patent fundamentals, intellectual property rights, and encouraged innovation-driven research among young professionals.

Dr. Sri Gowri, Oral & Maxillofacial Surgeon and Consultant at Apollo Hospitals, presented “The Digital Surgeon: AI, Data and Technology in Maxillofacial Practice.” Her lecture highlighted the transformative role of artificial intelligence in diagnosis, treatment planning, and the importance of standardized digital data integration in modern practice.

The Bengaluru Chapter of Bharat Dental Show 2026 concluded as a highly successful and intellectually enriching event, blending academic excellence, technological advancement, and social awareness into one meaningful platform. The program left participants inspired with new knowledge, broader perspectives, and renewed enthusiasm for innovation in dentistry and beyond.

QUICKDENT DENTAL IMPLANTS

"Grafting smiles with confidence"

Quickdent's provides innovative and superior quality dental implants catering to the specific needs of patients. We are driven by our passion to improve the quality of life of our patients with missing teeth and make high-quality dental implants available to one and all.

Our vision is to create a sustainable range of dental implants with an innovative design customized for various types of conditions, by bridging the gap between the implant manufacturers and dental professionals.

An inspiring 2 days at SDM Dental College, Dharwad!

Quickdent, in collaboration with Bharat Dental Show, successfully hosted the Immediate Loading & 360° Implant Rehabilitation Workshop — bringing together enthusiastic clinicians committed to advancing their implant practice.

From in-depth lectures and focused learning sessions to live demonstrations and hands-on training, the workshop delivered a complete clinical experience.

We were also honoured with a warm welcome and recognition from the college faculty and staff.

Grateful to all participants for making this workshop a great success!

Complete Implant Solutions – Powered by Precision & Digital Innovation

Quickdent delivers a complete implant ecosystem—from the Implant surgical Kits for safe, precise placement to a full range of compatible prosthetic solutions. With Quickdent 3D, we empower clinicians with intuitive tools and training to master guided surgery and excel in digital implantology.
